RE: Alex 8" Loop, PU-07-596, Tree/Shrub Mitigation

Dear Mr. Fahn:

Belle Fourche Pipeline Co. (BFPL) and its contractor have completed the Alex Loop tree/shrub replacement planting project. Attached is a table describing the number, species and location of the various tree/shrub plantings.

Site visits are next scheduled for Spring 2010 to evaluate the condition of the newly planted trees/shrubs. A report documenting the findings of the inspection will be provided by October 1, 2010.

Please feel free to contact me in our Casper Office at (307) 266-0411 should you wish to discuss this matter in greater detail.

Sincerely,

Bob Dundas, P.G.  
Environmental Coordinator
