**RE: Final Construction Inspection Reports for Enbridge LSr Pipeline (PU-07-075) and Enbridge Alberta Clipper Pipeline (PU-07-108); Draft Construction Inspection Report for Belle Fourche Alexander Loop Pipeline (PU-07-596).**

Dear Mr. Fahn:

Enclosed are five (5) copies each of the final construction inspection reports for the Enbridge LSr Pipeline and Alberta Clipper Pipeline projects. Also provided is one (1) electronic copy of the report on CD for each project. Each CD also includes GIS shapefiles of field observation points and original site inspection photos.

Enclosed separately is one (1) copy of the draft construction inspection report for the Belle Fourche Pipeline Co. Alexander Loop Pipeline in McKenzie County, ND. Once you have reviewed this report, please give Kevin Magstadt or me a call to discuss any changes that need to be made. I should note that I changed the wording of Section 2.2, Page 2-1, of all the reports, where there had previously been confusion in how Table 1 was discussed. Please let me know whether the current wording makes more sense or not. You can reach me at the office at 701-751-3370 or via email at [ssimmers@wenck.com](mailto:ssimmers@wenck.com).

Sincerely,

WENCK ASSOCIATES, INC.
