### PUBLIC SERVICE COMMISSION

Honorable Susan E. Wefald  
President  
Public Service Commission  
State Capitol  
Bismarck, ND 58505-0480

Dear Ms. Wefald:

At its meeting on June 11, 2008, the Administrative Rules Committee approved a motion to carry over consideration of wind turbine decommissioning rules submitted by the Public Service Commission. The Administrative Rules Committee will reconsider those rules at its meeting on Thursday, September 11, 2008.

Committee members did not express any specific concerns with the content of the wind turbine decommissioning rules. It appears the primary reason the rules were carried over for further consideration is that the final set of rules as adopted by the Public Service Commission contained changes that were not included in the rules prepared for committee consideration. We would suggest that the testimony from the Public Service Commission staff focus on the changes in the final set of rules as adopted by the Public Service Commission and whether those changes resulted from comments received by the Public Service Commission during consideration of the rules.

Thank you for your assistance. We will contact you when the agenda for the September 11 meeting is being established. Please contact this office if you have any questions regarding this request.

Sincerely,

John Walstad  
Code Revisor
