Subject: Northern States Power Company Electric Rate Increase Application, North Dakota Public Service Commission Case No. PU-07-776

Counsel, reviewing the docket and file for this hearing, there does not appear to me to be anything which suggests any difficulty or irregularity. In any case, I expect to be at the Commission's hearing room sometime shortly after eight o'clock Monday morning if there should be any need for a prehearing conference concerning any procedural matter for the hearing.

Sometime prior to the hearing I wish to have, please, a list of witness for NSP and the Commission's advocacy staff in the order that they are expected to be called. If more than one lawyer will be examining witnesses in the course of the hearing, please also note the name of the lawyer who will be examining each witness. If any witness is expected to testify by telephone, please also note that together with the number to be called for the witness's testimony. (I assume that any witness who would testify by telephone will do so pursuant to stipulation. If not, I wish to have and resolve any objection to any witness's testimony by telephone prior to the hearing or in conference during a recess prior to the witness's testimony.)

I assume that NSP and the Commission's advocacy staff will each have their respective exhibits marked for identification and will have provided copies to each other. I assume that multiple-page exhibits will have each page numbered. If copies of any exhibit will be separately provided to the commissioners during the hearing for the testimony of a witness, I ask, please, that a copy of the exhibit also be provided to me at the same time for my reference.

I look forward to working with you for this hearing. Regards, Al Wahl.
