Re: Correction to 12-31-08 Order Adopting Settlement in Case No.
PU-07-776, NSP Electric Rate Increase Application

There was an error in the parties' proposed findings that carried into the Commission's December 31, 2009 Order Adopting Settlement. The first paragraph in the preliminary statement erred in stating that NSP's initial request filed December 7, 2007 was for \$17,950,000 or 12.15%. That amount reflected the company's revised position upon filing of rebuttal testimony. The attached revision corrects the amount of NSP's initial request to \$20,535,000, which would have been a 13.95% annual base-rate revenue increase.
