RE: ERRATA – SCHEDULE F
2019 TRANSMISSION, DISTRIBUTION, AND GENERAL PLANT ACCOUNTS
ANNUAL UPDATE OF REMAINING LIVES

Dear Mr. Kahl:

Pursuant to the approved Settlement Agreement in Case No. PU-07-776, Northern States Power Company (NSP) submits this letter to inform the North Dakota Public Service Commission that on September 5, 2019, Xcel Energy filed an Errata to its *Annual Update of Remaining Lives and Depreciation Rates for Transmission, Distribution, and General Accounts – Schedule F* with the Minnesota Public Utilities Commission (MPUC) in Docket No. E,G002/D-19-490. The filing corrects Schedule F of the Company's Petition, which erroneously included salvage and depreciation rates from 2012 (effective 2013), when it should have included the salvage and depreciation rates from 2017 (effective 2018).

The filing with the MPUC is included as Attachment A to this letter. Please contact me at dave.sederquist@xcelenergy.com or (701) 241-8632 if you have any questions regarding this filing.

Sincerely,

DAVE SEDERQUIST
SR. REGULATORY/FINANCIAL CONSULTANT
