Case No. PU-07-791

NOTICE OF FILING AND NOTICE OF OPPORTUNITY FOR HEARING

March 26, 2008

On February 20, 2008 Enbridge Pipelines (North Dakota) LLC (Enbridge) filed an application to amend existing corridor or route permits. Enbridge proposes to upgrade the existing Trenton Station and Beaver Lodge Station in Williams County, Stanley Station and Blaisdell Station in Mountrail County, Minot Station in Ward County, Denbigh Station in McHenry County, Pleasant Lake Station in Benson County, Penn Station and Bartlett Station in Ramsey County, and Larimore Station in Grand Forks County.

The Commission finds the application is complete.

Enbridge asserts that these pipeline facilities will produce minimal adverse effects and requests that the Commission (1) waive provisions of law and rule that require filing of separate applications, separate hearings and certain time schedules; (2) not hold a public hearing, but instead publish a notice of opportunity for hearing; (3) find that the proposed facilities are of such design, location and purpose that it will produce minimal adverse effects; and (4) issue the appropriate amended corridor certificates and amended route permits.

The issues to be considered in this proceeding are:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

4. Are the proposed pipeline facilities of such design, location, or purpose that they will produce minimal adverse effects so that procedures and time schedules may be waived?
5. Does a demonstrable emergency exist, which requires immediate construction so that adherence to procedures and time schedules would jeopardize the utility's system?
6. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by **May 6, 2008**. If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify Ilona A. Jeffcoat-Sacco, Executive Director, at least 24 hours in advance.
