Colleen
North Dakota Newspaper Association

Please have the attached Notice of Filing and Notice of Opportunity for Hearing and Map published as a legal publication in the following newspapers:

McKenzie County Farmer
Mountrail County Promoter
Minot Daily News
Mouse River Journal
Benson County Farmers Press
Devils Lake Journal
Grand Forks Herald
Williston Daily Herald

Do not publish in the classifieds. Please run it as a "News Item Only" article as well.

Please publish the map in the size of three columns wide. If you cannot publish the map as requested, please let me know as soon as possible.

Send the bill to the Public Service Commission along with a tear sheet for billing purposes.

Please confirm via e-mail that you received this request.

If you have any questions or cannot open the PDF version of the notice or map, please call me at 328-4076 or email.

Thank you!

Case No. PU-07-791

NOTICE OF FILING AND NOTICE OF OPPORTUNITY FOR HEARING

March 26, 2008

On February 20, 2008 Enbridge Pipelines (North Dakota) LLC (Enbridge) filed an application to amend existing corridor or route permits. Enbridge proposes to upgrade the existing Trenton Station and Beaver Lodge Station in Williams County, Stanley Station and Blaisdell Station in Mountrail County, Minot Station in Ward County, Denbigh Station in McHenry County, Pleasant Lake Station in Benson County, Penn Station and Bartlett Station in Ramsey County, and Larimore Station in Grand Forks County.

The Commission finds the application is complete.

Enbridge asserts that these pipeline facilities will produce minimal adverse effects and requests that the Commission (1) waive provisions of law and rule that require filing of separate applications, separate hearings and certain time schedules; (2) not hold a public hearing, but instead publish a notice of opportunity for hearing; (3) find that the proposed facilities are of such design, location and purpose that it will produce minimal adverse effects; and (4) issue the appropriate amended corridor certificates and amended route permits.

The issues to be considered in this proceeding are:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

4. Are the proposed pipeline facilities of such design, location, or purpose that they will produce minimal adverse effects so that procedures and time schedules may be waived?
5. Does a demonstrable emergency exist, which requires immediate construction so that adherence to procedures and time schedules would jeopardize the utility's system?
6. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by **May 6, 2008**. If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify Illona A. Jeffcoat-Sacco, Executive Director, at least 24 hours in advance.

**NOTICE OF FILING AND NOTICE OF
OPPORTUNITY FOR HEARING**
March 26, 2008

On February 20, 2008 Enbridge Pipelines (North Dakota) LLC (Enbridge) filed an application to amend existing corridor route permits. Enbridge proposes to upgrade the existing Trenton Station and Beaver Lodge Station in Williams County, Stanley Station and Blaisdell Station in Mountrail County, Minot Station in Ward County, Denbigh Station in McHenry County, Pleasant Lake Station in Benson County, Penn Station and Bartlett Station in Ramsey County, and Larimore Station in Grand Forks County.

The Commission finds the application is complete. Enbridge asserts that these pipeline facilities will produce minimal adverse effects and requests that the Commission (1) waive provisions of law and rule that require filing of separate applications, separate hearings and

certain time schedules; (2) not hold a public hearing, but instead publish a notice or opportunity for hearing; (3) find that the proposed facilities are of such design, location and purpose that it will produce minimal adverse effects; and (4) issue the appropriate amended corridor certificates and amend route permits.

The issues to be considered in this procedure are:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
4. Are the proposed pipeline facilities or such design, location, or purpose that will produce minimal adverse effects so that procedures and time schedules may be waived?

5. Does a demonstrable emergency exist, which requires immediate construction so that adherence to procedures and time schedules would jeopardize the utility's system?

6. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

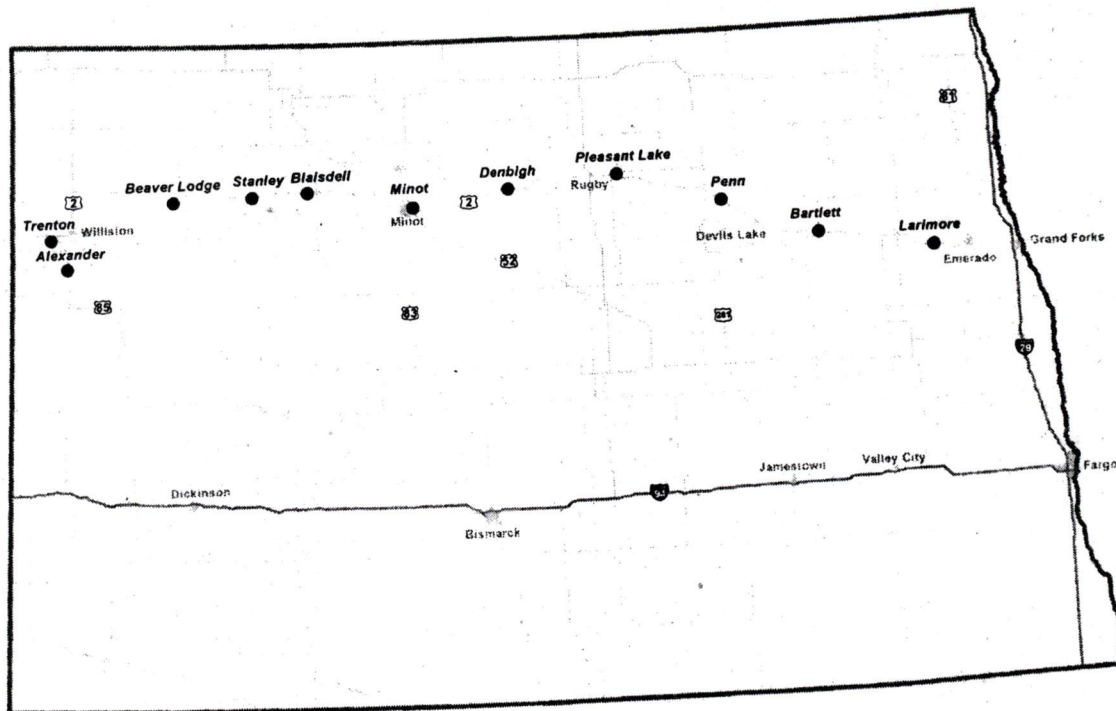

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by May 6, 2008. If deemed appropriate, the Commission can determine the matter without a hearing.

ENBRIDGE PIPELINES (NORTH DAKOTA) LLC
NORTH DAKOTA PHASE 6 EXPANSION PROJECT

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
Enbridge Pipelines (North Dakota) LLC
Case No. PU-07-791

Pump Station Upgrades
Siting Application
NOTICE OF FILING AND NOTICE OF
OPPORTUNITY FOR HEARING
March 28, 2008

On February 20, 2008 Enbridge Pipelines (North Dakota) LLC (Enbridge) filed an application to amend existing corridor route permits. Enbridge proposes to upgrade the existing Trenton Station and Beaver Lodge Station in Williams County, Stanley Station and Blaisdell Station in Mountrail County, Minot Station in Ward County, Denbigh Station in McHenry County, Pleasant Lake Station in Benson County, Penn Station and Bartlett Station in Ramsey County, and Larimore Station in Grand Forks County.

The Commission finds the application is complete.

Enbridge asserts that these pipeline facilities will produce minimal adverse effects and requests that the Commission (1) waive provisions of law and rule that require filing of sep-

arate applications, separate hearings and certain time schedules; (2) not hold a public hearing, but instead publish a notice or opportunity for hearing; (3) find that the proposed facilities are of such design, location and purpose that it will produce minimal adverse effects; and (4) issue the appropriate amended corridor certificates and amend route permits.

The issues to be considered in this procedure are:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
4. Are the proposed pipeline facilities or such design, location, or purpose that will produce minimal adverse effects so that procedures

and time schedules may be waived?

5. Does a demonstrable emergency exist, which requires immediate construction so that adherence to procedures and time schedules would jeopardize the utility's system?

6. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by May 6, 2008. If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require auxiliary aids or services, such as readers, signers, or Braille materials please notify Ilona A. Jeffcoat-Sacco, Executive Director, at least 24 hours in advance.

 NOTICE OF FILING AND NOTICE OF OPPORTUNITY FOR HEARING
 March 26, 2008

On February 20, 2008 Enbridge Pipelines (North Dakota) LLC (Enbridge) filed an application to amend existing corridor or route permits. Enbridge proposes to upgrade the existing Trenton Station and Beaver Lodge Station in Williams County, Stanley Station and Blaisdell Station in Mountrail County, Minot Station in Ward County, Denbigh Station in McHenry County, Pleasant Lake Station in Benson County, Penn Station and Bartlett Station in Ramsey County, and Larimore Station in Grand Forks County.

The Commission finds the application is complete.

Enbridge asserts that these pipeline facilities will produce minimal adverse effects and requests that the Commission (1) waive provisions of law and rule that require filing of separate applications, separate hearings and certain time schedules; (2) not hold a public hearing, but instead publish a notice of opportunity for hearing; (3) find that the proposed facilities are of such design, location and purpose that it will produce minimal adverse effects; and (4) issue the appropriate amended corridor certificates and amended route permits.

The issues to be considered in this proceeding are:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities

compatible with the environmental preservation and the efficient use of resources?

3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

4. Are the proposed pipeline facilities of such design, location, or purpose that they will produce minimal adverse effects so that procedures and time schedules may be waived?

5. Does a demonstrable emergency exist, which requires immediate construction so that adherence to procedures and time schedules would jeopardize the utility's system?

6. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

Those interested are invited to com-

ment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by May 6, 2008. If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify Illona A. Jeffcoat-Sacco, Executive Director, at least 24 hours in advance.

PUBLIC NOTICES

A public notice is information informing citizens of government activities that may affect the citizens' everyday lives. Public notices have been printed in local newspapers, the trusted sources for community information, for more than 200 years.

North Dakota newspapers also post public notices on www.ndpublicnotices.com at no charge to units of government.
