Case No. PU-10-147**

Dear Mr. Fahn:

This filing is submitted on behalf of Ashtabula Wind I, LLC, Ashtabula Wind II, LLC, and Ashtabula Wind III, LLC (collectively herein, the “Ashtabula Entities”) regarding the respective, above-referenced wind energy facilities (collectively herein, the “Facilities”). On October 5, 2021, the Ashtabula Entities filed an update in response to your request for monthly status updates regarding Aircraft Detection Lighting System (“ADLS”) installation at the Facilities.

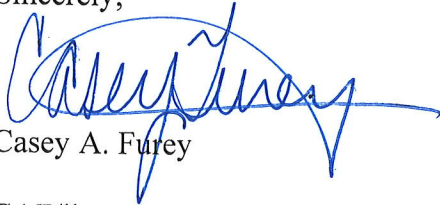

Since the October 5 filing, the Ashtabula Entities and their ADLS vendor have undertaken testing for system implementation, and that testing nears completion. The Ashtabula Entities and their ADLS vendor will conduct a final test flight to verify ADLS system operations before

implementing the system. The ADLS is anticipated to be implemented at the Facilities within the next several weeks in advance of the December 31, 2021 statutory deadline. Once implementation is complete, a notice will be filed in accordance with N.D. Admin. Code § 69-06-11-02(5). Following implementation, the Ashtabula Entities and their ADLS vendor will continue fine-tuning and optimizing system performance.

For ease of reference and to promote consistency in docketing, the Ashtabula Entities respectfully request this filing be docketed consistent with the cases listed in the above-referenced caption.

Please feel free to contact me with any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Casey A. Furey", with a long horizontal flourish extending to the right.
