PUBLIC SERVICE COMMISSION

Re: *Submission of Exhibits – Hearing 7/8/08*
Pillsbury-Fargo Generation Outlet Project
Case Number PU-08-48

Dear Ms. Jeffcoat-Sacco:

Please find attached one copy of Plan and Profiles associated with the Pillsbury-Fargo 230 kV Wind Generation Transmission Line. We have electronically filed the Plan and Profiles on July 2, 2008. The Plan and Profiles are voluminous. If you should request more than one hard copy, we would be happy to provide same. The Plan and Profiles reflect the most recent alignment of the transmission line and include at Sheets 46-51 the plan and profiles for the reroute in the area of Rush River Township, Cass County, North Dakota, which is the subject of a public hearing on July 8, 2008. Also enclosed is a disk containing the Plan and Profiles.

Very truly yours,

PEARCE & DURICK

Good Morning,

As the design engineering firm and on behalf of Minnkota Power Cooperative, I am respectfully submitting the attached Plan & Profiles associated with the Pillsbury-Fargo 230kV Wind Generation Tie transmission line. This reflects the most recent alignment of the transmission line. This is the 2nd of 3 emails that include all 73 sheets of the Plan & Profiles. *and well*

As was discussed with Mr. Lien last week, I will also be sending out a 4th email with a follow-up telephone call to Mr. Lien describing several changes that have occurred since the original Plan view sheets were filed at the PSC Hearing on May 22nd, 2008.

Please contact me with any questions or comments that you have regarding these drawings or any subsequent notification of potential changes. Thanks you for your consideration!

Sincerely,
