7361 Calhoun Place, Suite 650
Rockville, MD 20855

Dear Mr. Cameron, Ms. Alfonso-Frank and Mr. Felgar:

Re: Pro Forma Corporate Restructuring

The North Dakota Public Service Commission recently received a letter concerning a change in your company. This change may require that you provide or update information found in your electronic registration at the Commission's website:

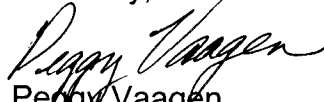

<http://www.psc.state.nd.us/jurisdiction/telecom.html>

Please note: **Every telecommunications company that is not an incumbent local exchange company MUST REGISTER USING this electronic process.** This includes companies that already had certificates of public convenience and necessity or registration certificates. Under NDCC § 49-03 .1-09, effective 01 August 2005, **certificates of public convenience and necessity for facilities-based providers and registration certificates for resellers ARE NO LONGER EVIDENCE OF AUTHORIZATION to provide service in North Dakota . AUTHORITY TO PROVIDE SERVICE is now a consequence of registration via the new web-based program.**

Every registered company must keep its electronic registration information updated, including withdrawal of the electronic registration when the company is no longer providing service in North Dakota.

Thank you for your attention to this matter. If you have questions, please contact us.

Sincerely,

Peggy Vaagen
Public Utilities Division
