Alice reported getting a call from Floyd Hurt, South Heart Mayor, expressing concern that some of the elderly would not go to Belfield or Dickinson to vote. Alice and Comm. Nodland will work with Mr. Hurt to accommodate the individuals he feels it would affect.

WRITTEN COMMENTS

April 4, 2008

On March 26, 2008 Midcontinent Communications filed a petition for approval of a Second Additional Territory Amendment negotiated to its interconnection agreement with Consolidated Telcom. The amendment would add the Reeder, Scranton, South Heart, and Dodge, North Dakota exchanges to the areas in which Consolidated Telcom

This amendment was filed under Section 252(e) of the Telecommunications Act of 1996 (Act). 1. the agreement discriminates against a telecommunications carrier that was not a party to the agreement; or
2. implementation of the agreement is not consistent with the public interest, convenience, and necessity.

In addition, under 47 U.S.C. Section 253 the Commission may include in its review state requirements that do not constitute barriers to entry.

The Commission will receive written comments on these agreements until May 7, 2008.

Public Notices

YOUR RIGHT TO KNOW and be informed of the functions of your government are embodied in legal notices. In that self-government charges all citizens to be informed, this newspaper urges every citizen to read and study these notices. PUBLIC NOTICES

A public notice is information informing citizens of government activities that may affect the citizens' everyday lives. Public notices have been printed in local newspapers, the trusted sources for community information, for more than 200 years.

North Dakota newspapers also post public notices on www.ndpublicnotices.com at no charge to units of government.

Consolidated Telcom. The amendment would add the Reeder, Scranton, South Heart, and Dodge, North Dakota exchanges to the areas, in which Consolidated Telcom will provide wholesale resale services to Midcontinent Communications.

This amendment was filed under Section 252(e) of the Telecommunications Act of 1996 (Act). The Act requires that any agreement adopted by negotiation or arbitration be submitted for approval to the Commission. Under 47 U.S.C. § 252(e)(2)(A), the Commission may only reject an agreement adopted, by negotiation (or a portion of the agreement), if it finds that:

1. the agreement discriminates against a telecommunications carrier that was not a party to the agreement; or
2. implementation of the agreement is not consistent with the public interest, convenience, and necessity.

In addition, under 47 U.S.C. Section 253 the Commission may include in its review state requirements that do not constitute barriers to entry. The Commission will receive written comments on these agreements until May 7, 2008.
