Ms. Madsen, I have your motion for admission *pro hac vice* for the captioned matter.

There is insufficient time before the informal hearing for opposing counsel to respond, but I cannot think that there will be any objection to your admission and accordingly I will grant the motion—subject, however, to reconsideration upon any objection.

Understanding that I will not be presiding for the informal hearing, in the unlikely event that your appearance meets with an objection I suggest that you seek a continuance of the informal hearing for as long as necessary to contact me (701-255-6629) to have an immediate hearing of the objection and a ruling upon your motion.
