

MAY 27 2008

ANNUAL REPORT TO THE NORTH DAKOTA PUBLIC SERVICE COMMISSION

ESSENTIAL TELECOMMUNICATIONS CARRIER CERTIFICATION

The undersigned, on behalf of the telecommunications company named below (the Company), does hereby state and certify, as follows:

1. The Company will provide service on a timely basis to requesting customers within the Company's designated service area where the Company's network already passes the potential customer's premises, and

2. The Company will provide service, within a reasonable period of time, if the potential customer is within the Company's designated service area but outside the Company's existing network coverage, if service can be provided at a reasonable cost by:

- a. Modifying or replacing the requesting customer's equipment;
- b. Deploying a roof-mounted antenna or other equipment;
- c. Adjusting network or customer facilities; or
- d. Reselling services from another carrier's facilities to provide service.

3. The Company is able to remain functional in emergency situations and has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.

4. The Company is satisfying and will satisfy applicable consumer protection and service quality standards.

5. If the Company is a non-incumbent local exchange carrier, it will offer a local usage plan comparable to the one offered by the incumbent local exchange carrier in the designated service area.

6. The Company acknowledges that the North Dakota Public Service Commission (the Commission) may require it to provide equal access to long distance carriers in the event that no other eligible telecommunications carrier is providing equal access within the proposed designated service area.

7. The Company has met and will meet the requirements of eligible telecommunications carrier advertising. This includes:

- a. A full description of available services in the Company's official telephone directory, including the process to be used by customers to qualify for lifeline and link-up service.
- b. Advertising of the availability of universal service in media of general circulation in the Company's designated service area. Availability may be advertised in newspapers, company newsletters, company or civic internet sites, bill stuffers, direct mailings, or other means intended to convey availability throughout the designated service area.

Exhibit A Information

The following information is provided in Exhibit A attached hereto and incorporated herein by reference:

1. A description of the amount of high-cost universal service support received by the Company in the prior calendar year and a description of how that support was used for the provision, maintenance, or upgrading of the Company's facilities and services. (An explanation of any changes from reports previously provided to the Commission is also included.)

2. An estimate of the amount of federal high-cost universal service support the Company anticipates receiving in the following calendar year (the calendar year following this report) and a description of how that support is projected to be used for the provision, maintenance, or upgrading of the Company's facilities and services pursuant to Section 254 of the Telecommunications Act of 1996.

3. Exhibit A also contains, for the prior calendar year and the subsequent calendar year (the calendar year following this report), identification of specific construction or upgrade projects; a description of how service will be improved by each project; the start date and completion date for each improvement; the amount of investment for cash improvement; the specific geographic area where each improvement was made or will be made; and the estimated population that will be served by each improvement. (For an incumbent local exchange carrier (ILEC), this information is submitted at the study area level. For another eligible carrier, this information is submitted at the study area level of the ILEC. If a study area level or designated service area includes geographic areas in more than one state, the information is also submitted at the North Dakota level.)

4. Detailed information of any outage, as that term is defined in 47 C.F.R. § 4.5, of at least thirty (30) minutes in duration for each designated service area for any facilities the Company owns, operates, leases, or otherwise utilizes that potentially affect:

- a. At least ten percent (10%) of the end users served in a designated service area, or

- b. A 911 special facility, as defined in 47 C.F.R. § 4.5(e).

This report includes:

- a. The date and time of the onset of the outage,
- b. A brief description of the outage and its resolution,
- c. The particular services affected,
- d. The geographic areas affected by the outage,
- e. Steps taken to prevent a similar outage in the future, and
- f. The number of customers affected.

(If applicable, a copy of the FCC outage report that includes this information may be attached.)

5. The number of requests for service from potential customers within the designated service area that were unfilled during the past year. A detail of how the Company attempted to provide service to those potential customers is also included.

- 6. The number of complaints per thousand handsets or lines.

I hereby certify that the above information is true and correct and is submitted on behalf of the Company named below. The information is submitted in the year 2008.

Venture Communications Cooperative
Company

By: 
Its: General Manager

Date: 5/23/08

EXHIBIT A
Venture Communications Cooperative

Note: Venture Communications serves 9 access lines in North Britton, ND (701-443). The remainder of our service area is in SD. I am submitting information for our company as a whole. The Britton, SD and North Britton, ND exchange were rebuilt to provide broadband service and to improve the existing service using a fiber-in-the-loop technology in 2000.

1 & 2. Federal Universal Service Receipts:

	<u>2007</u>	<u>2009</u>
High Cost Loop Support	\$2,705,652	\$2,727,360

General and administrative (Accts 6720-28)	\$1,540,085	\$1,233,656
Total Years Supported Expenses, Before Return on Investment	\$12,246,369	\$13,147,607
Additions		
Switching (Acct 2210)	\$309,876	<i>(See Exhibit B,</i>
Cable and wire (Acct 2410)	\$6,327,420	<i>Two-Year Plan)</i>
Total	\$6,637,296	
Total Supported Expenditures, Before Return on Investment	\$18,883,665	

3. Specific Construction and Upgrade Projects:

Wire Center	Description of Capital Improvement	Estimated Population Served by Improvement	Start Date	Completion Date	Estimated Capital Expenditures Each Year	
					2008	2009
Hoven/ Tolstoy/ Seneca/ Onaka	Replace Outside Plant to provide broadband service and upgrade facilities – including needed electronics	675	May 2009	Dec 2009		\$3,100,000
Blunt, SD/ Onida, SD Ree Heights, SD	Replace Outside Plant to provide broadband service and upgrade facilities.	950	May 2008	Dec 2008	\$2,500,000	
Tolstoy	Replace switch.	100	Nov 2009	Dec 2009		\$300,000

No capital improvements are planned in the following wire centers but nonetheless may be necessary in connection with the provision of service to new customers.

Wire Center
West Onida, SD
Hitchcock, SD
Pierpont, SD
Britton, SD
North Britton, ND
Wessington, SD
Roslyn, SD
Langford, SD
Rosholt, SD
Wessington Springs, SD
Tulare, SD
Selby, SD
Bowdle, SD

Gettysburg, SD
Lebanon, SD
Highmore, SD
Harrold, SD
Roscoe, SD
East Onida, SD

4. Outage Information:

During calendar year 2007, Venture Communications experienced no service outages lasting longer than 30 minutes and affecting at least 10 percent of its end-user customers. There were also no outages that affected a 911 special facility.

5. Unfilled Service Requests:

Venture Communications was able to provide service to all potential customers that requested service during 2007, and as of December 31, 2007, the Company had no unfilled requests for service.

6. Complaint Information:

During 2007, Venture Communications received an estimated 45 complaints from consumers. This equates to 3.5 complaints per thousand access lines. Only 18 of these complaints were received by the Company more formally as written complaints or as complaints that needed to be resolved with the involvement of other Company representatives outside of the customer service department.
