RE: Capacity Increase

Dear Natalie:

Your request to increase the license capacity at Clifford by 442,000 bushels to reflect the addition of a 342,000 bushel bin located at O'Brien Enterprises east of Mayville and a 100,000 bushel quonset rented from Larry O'Brien located 1 mile north of Kelly Bean plant is approved. With this change your licensed capacity is now 1,823,000 bushels at Clifford effective immediately.

Your request to decrease the capacity at Clifford by 100,000 bushels (1,823,000 to 1,723,000) effective February 19, 2009 to reflect the deletion of the temporary quonset is granted. **Our office will not contact you regarding this reduction.**

**If you are unable to have the grain removed before February 19, 2009, you must contact the Licensing Division.** If the grain is not removed before February 19, 2009, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter  
Licensing Division
