RE: Capacity Increase & Decrease

Dear Robert:

Your request to increase the license capacity at Niles by 927,000 bushels to reflect the addition of new concrete construction consisting of bins 030-038 in Section B is approved. The license capacity at Leeds has been decreased by 10,000 bushels to reflect the PSC calculations identified in the 9/17/2008 bin documents. With these changes your licensed capacity is now 2,646,000 bushels at Niles and 624,000 bushels at Leeds effective September 19, 2008.

Thank you for your continued cooperation. Remember that you must obtain prior approval before using space that is not part of your approved licensed facility. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
