RE: Capacity Increase - Decrease

Dear Carrol:

Your request to increase the license capacity at Colfax by 109,440 bushels to reflect the addition of bin no. 2 at Section H, Frankel bin site totaling 9,440 bushels and the addition of 100,000 bushels of ground storage is approved. With this change your licensed capacity is now 946,770 bushels at Colfax effective December 11, 2008.

Your request to decrease the capacity at Colfax by 100,000 bushels (946,770 to 846,770) effective February 28, 2009 to reflect the deletion of the temporary ground storage is granted. **Our office will not contact you regarding this reduction.**

If you are unable to have the grain removed before February 28, 2009, you must contact the Licensing Division. If grain is not removed before February 28, 2009, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
