RE: Capacity Increase

Dear Shawntil:

The license capacity at Windsor has been increased by 110,228 bushels to reflect the addition of the two 39,614 bushel bins* located at the Terry Wanzek farm next to bins H8 and H10 as identified in the documents you provided and also to reflect previous PSC calculations of the Windsor facility. With this change your licensed capacity is now 234,228 bushels at Windsor effective December 22, 2008.

Thank you for your continued cooperation. Remember that you must obtain prior approval before using space that is not part of your approved licensed facility. If you have any questions, please call me at 701-328-4097.

Sincerely,

A handwritten signature in cursive script that reads "Susan K. Richter".

Susan K. Richter
Licensing Division

cc: Steve Strege, NDGDA, National Ag. Stats. Service

* If necessary, the capacity of these bins will be adjusted when they are measured which I anticipate should be sometime during January 2009.
