Harold Rasmusson, General Manager
Max Farmers Elevator
PO Box 68
Max, ND 58759

RE: Capacity Increase - Decrease

Dear Harold:

Your request to increase the license capacity at Max by 100,000 bushels to reflect additional ground storage for wheat located 1/2 mile south of the elevator on a grain field is approved. With this change your licensed capacity is now 1,539,000 bushels at Max effective September 10, 2008.

Your request to decrease the capacity at Max by 100,000 bushels (1,539,000 to 1,439,000) effective November 30, 2008 to reflect the deletion of the temporary storage is granted. **Our office will not contact you regarding this reduction.**

If you are unable to have the grain removed before November 30, 2008, you must contact the Licensing Division. If grain is not removed before November 30, 2008, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
