RE: Capacity Decrease

Dear Sid:

Your request to decrease the license capacity at Casselton by a net 200,000 bushels to reflect the deletion of the 700,000 bushel bunker storage located approximately 400 yards south of the existing facility and the addition of 500,000 bushels of ground storage located 100 yards east of the main plant is approved. With this change your licensed capacity is now 1,569,000 bushels at Casselton effective November 25, 2008.

Thank you for your continued cooperation. Please review the space identified above and if you find any errors or have any questions, please call me at 701-328-4097.

Sincerely,

A handwritten signature in cursive script that reads "Susan K. Richter".
