Andrew Hager, Jr., Manager
Fullerton Farmers Elevator
Box 56
Fullerton, ND 58441

RE: Capacity Increase - Decrease

Dear Andrew:

Your request to increase the license capacity at Fullerton by 1,125,000 bushels to reflect the addition of ground storage for corn located 2 blocks east and 1 block north of the main plant on a packed earth surface is approved. With this change your licensed capacity is now 6,045,000 bushels at Fullerton effective November 20, 2008.

Your request to decrease the capacity at Fullerton by 3,125,000 bushels (6,045,000 to 2,920,000) effective February 15, 2009 to reflect the deletion of all temporary storage is granted. **Our office will not contact you regarding this reduction.**

If you are unable to have the grain removed before February 15, 2009, you must contact the Licensing Division. If grain is not removed before February 15, 2009, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
