RE: Capacity Increase - Decrease

Dear Richard:

Your request to increase the license capacity at Berlin by 200,000 bushels to reflect the addition of ground storage for corn located 1 block east and 1 block north of the elevator is approved. With this change your licensed capacity is now 1,046,000 bushels at Berlin effective November 20, 2008.

Your request to decrease the capacity at Berlin by 200,000 bushels (1,046,000 to 846,000) effective January 31, 2009 to reflect the deletion of this temporary storage is granted. **Our office will not contact you regarding this reduction.**

If you are unable to have the grain removed before January 31, 2009, you must contact the Licensing Division. If grain is not removed before January 31, 2009, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
