Dear Susan:

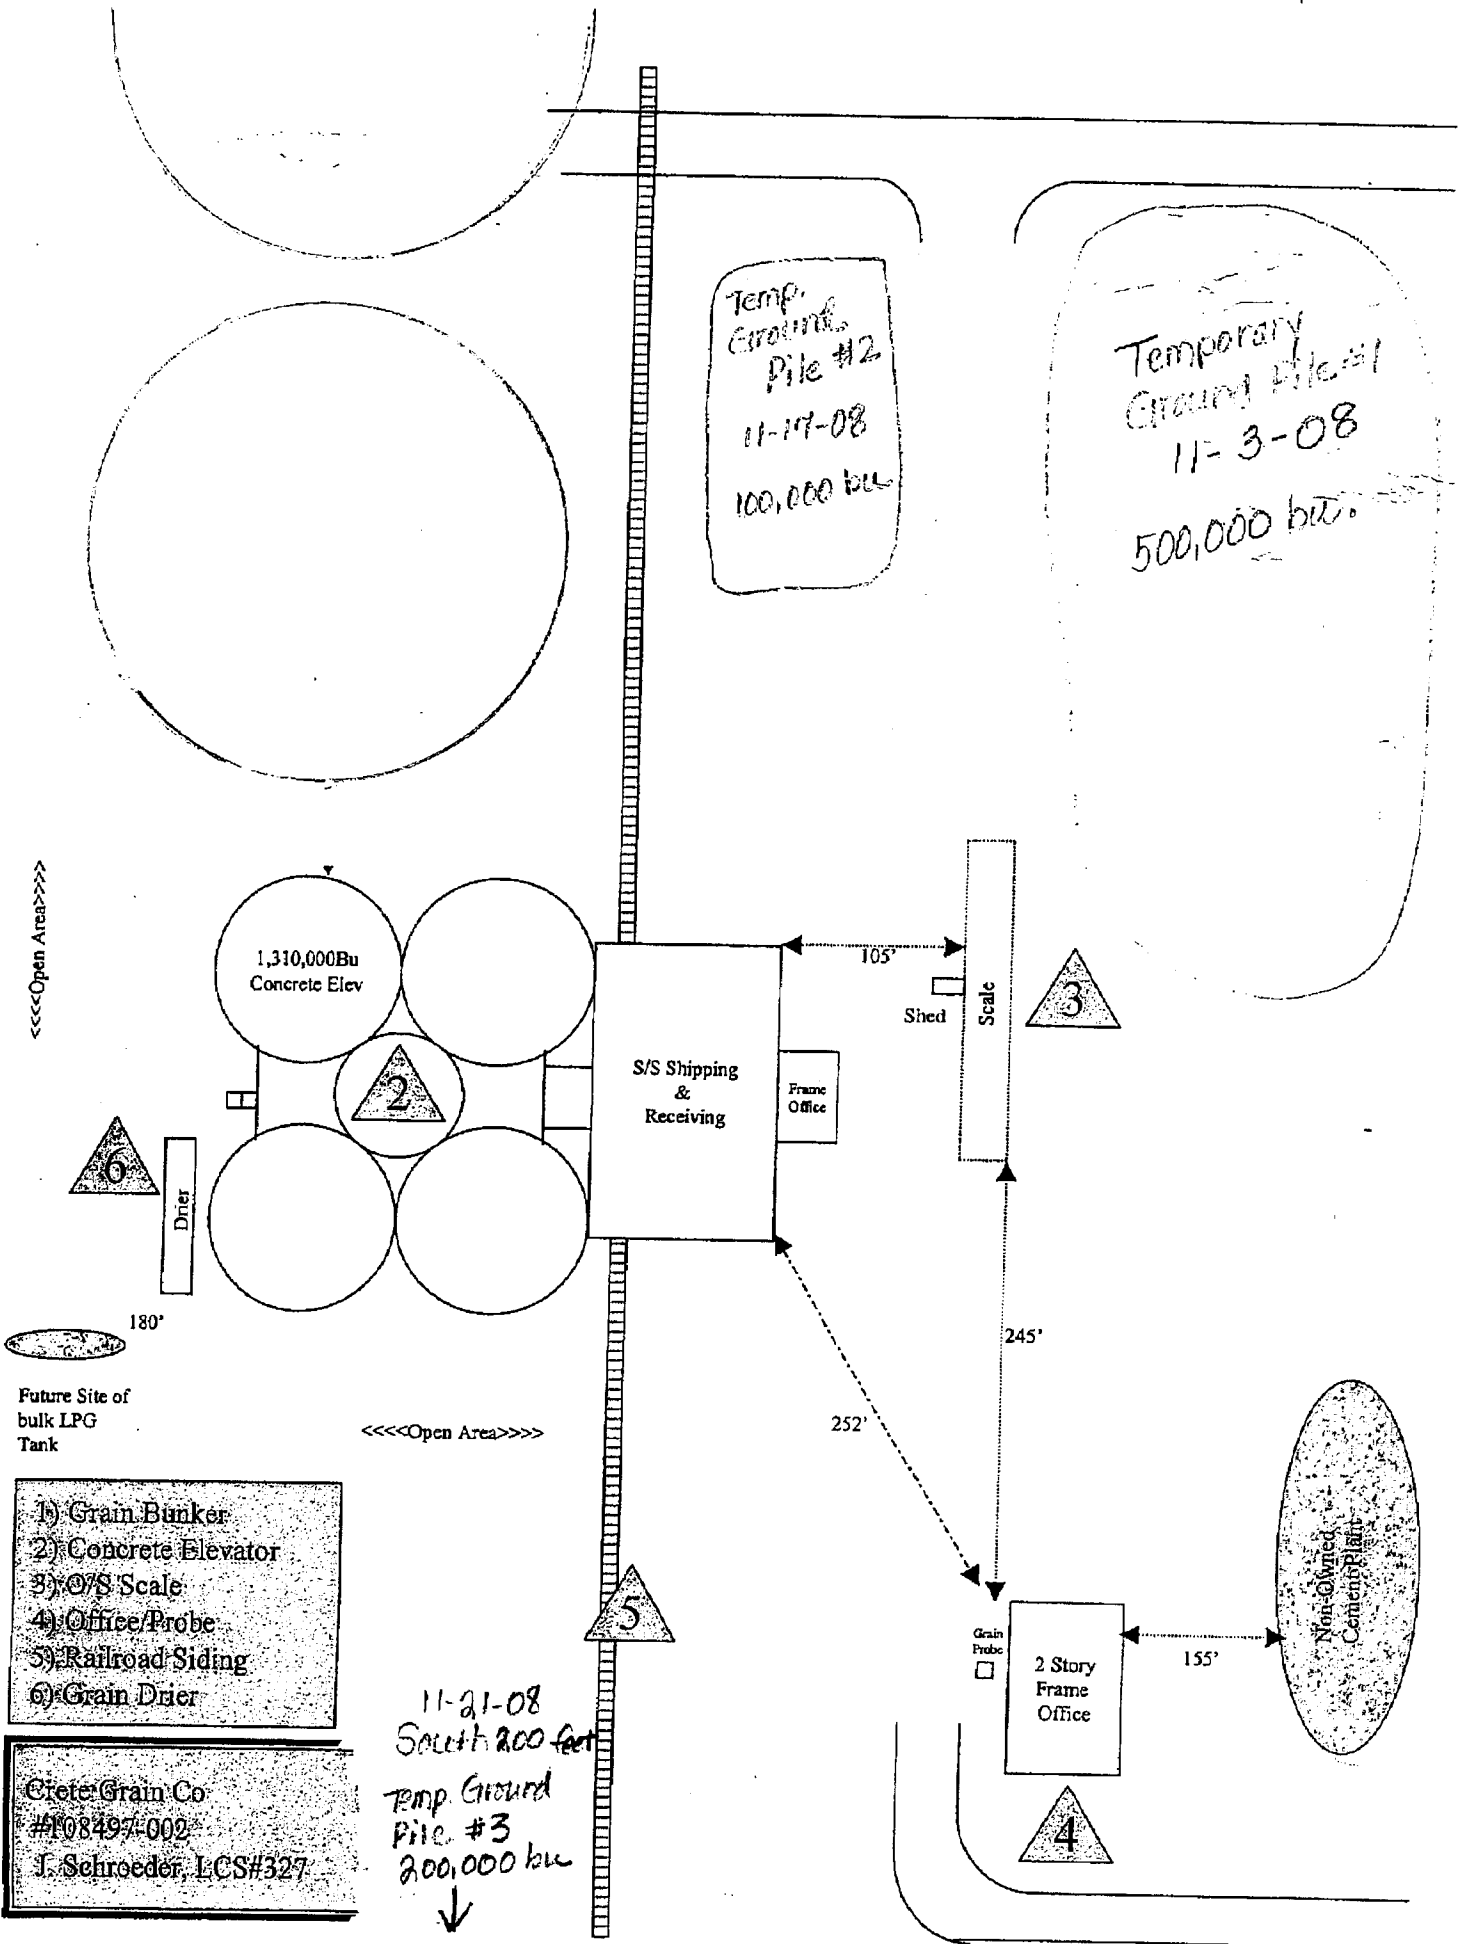

We request to increase our storage capacity at our Westgate Station, 10990 Arlen Lee Drive, Oakes, ND, as follows:

ADD: Temporary Ground Pile #3 200,000 bushels

I have included maps indicating the location of the piles. If you need any additional information, email me at smeehl@cretegrain.com, or call me at my office.

Sincerely,

Sonia Meehl

VIA EMAIL

Dear Susan:

We request to increase our storage capacity at our Westgate Station, 10990 Arlen Lee Drive, Oakes, ND, as follows:

ADD: Temporary Ground Pile #4 750,000 bushels

This is our pile for longer-term storage of dry corn. It has sidewalls and aeration. There is not room for me to draw it on the map, but it is located directly east of Temporary Ground Pile #1, licensed 11-3-08.

Harvest is beginning to wind down, so soon I should be able to start deleting the wet piles as we pick up and dry the corn.

If you need any additional information, email me at smeehl@cretegrain.com, or call me at my office.

Sincerely,

Sonia Meehl
