Re: Bison Grain Company dba: New Leipzig Grain Company - \$150,000.00 Warehouse Bond

.....

Sue,

The manager of Bison Grain, Richard Seidel, called to advise our office that they no longer needed their North Dakota Warehouse Bond. We in turn notified the bonding company.

We thought the bonding company also notified your office of cancellations but we must have been mistaken. Attached is a copy of the cancellation notice we received from Travelers.

If you can send our office a letter releasing this bond, it would be appreciated. Would it be possible to have this release effective August 20, 2008?

You can email it to me at: alice@andersonins.biz or fax to either of the numbers above.

Thank you.
