**Subject:** Additional capacity at Powers Lake

Dear Sue:

Please add the following additional storage tanks to our warehouse capacity at Powers Lake Elevator Co.:

Section B – 2 new tanks (#11 and #12) (approximate capacity 8,000 each)

Based on our records this should bring our warehouse capacity to 357,000 bushels. We have contacted our bonding company and requested an increase in the bond to the required \$187,500. I will forward you a fax confirmation as soon as I receive it and the original will be mailed directly to you.

We added this capacity to our Schedule of Warehouses on file with the USDA effective February 4, 2008. I apologize that I did not make the request to the PSC at that time. In the future, I will make sure all changes are communicated to the USDA and the ND PSC timely.

Let me know if you need any additional information. Thank you.

Sincerely,

Stacy Breckenridge
