**Subject:** Additional capacity-Renville Elevator

Dear Sue:

Please add the following additional storage tanks to our warehouse capacity at Renville Elevator Co.:

Section A – 2 new tanks                    (approximate capacity 206,240 each)  
Section C – 10 hoppers                    (approximate capacity 47,500 in total)

Based on the NDPSC Statement of Capacities completed by your inspector today, this will bring our warehouse capacity to 1,428,000 bushels. We have contacted our bonding company and requested an increase in the bond to the required \$440,000. I will forward you a fax confirmation as soon as I receive it and the original will be mailed directly to you.

Thank you for your prompt response to our request for measurement. If you need anything further, please do not hesitate to contact me.
