Bismarck, ND 58505-0480

Dear Sue:

Before we approach the harvest this year there are some changes that we are making to the storage for our current operations. We are changing our bushel capacity in Fargo down to 1,615,000 bushels based on our further limiting use of D&P Terminal. We are also adding a new storage facility (see address below) in the Jamestown area with a maximum capacity of 390,000 bushels. I have attached a spreadsheet in summary.

The new storage address is
8311 39R St. SE Hwy 281 S
Jamestown, ND 58401

We would like to begin use of this new site on 1 October 2008, please let me know if any thing further is needed to begin use of this facility. Thank you in advance for your assistance.

Regards

Brad Newton
