RE: Capacity Revisions

Dear Brad:

Your request to decrease the license capacity at Fargo by 322,000 bushels to reflect the deletion of bins 27 - 78 leased from DP Terminal is approved. With this change your licensed capacity is now 1,164,000 bushels at Fargo effective September 17, 2008.

The licensed space for Fargo now consists of Section A - 633,000 bushels (confection plant), Section B - 252,000 bushels (bird food plant), and Section C - 279,000 bushels (D & P leased bins 79-106).

Thank you for your continued cooperation. Please review the space identified above and if you find any errors or have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
