RE: CAPACITY REVISION

Dear Glen:

A capacity revision has been made to the licensed capacity at Embden to reflect the addition of hopper bottoms to tanks 15, 16, and 17 in Section B, resulting in a net decrease of 5,000 bushels. With this change the licensed capacity is now 733,000 bushels (Section A - 301,000 bushels and Section B - 432,000 bushels) at Embden effective November 20, 2008.

Thank you for your continued cooperation. Remember that you must obtain prior approval before using space that is not part of your approved licensed facility. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
