RE: Grain Warehouse License

Dear Calvin:

Enclosed are your North Dakota Facility-Based Grain Buyer Licenses for Oakes and Verona and relevant documents. Your licenses and each of the colored posters must be displayed at your facilities in an area easily visible by patrons.

State law requires that licensees submit grain movement and storage reports. Enclosed is an original form that we ask you to use for making copies when submitting your monthly reports. State law requires that these reports be submitted within 30 days of the end of each month.

Oakes has been assigned grain movement number **4589** and Verona has been assigned grain movement number **5949**. Please use these numbers on all your monthly report forms. All report forms are mailed to the Upper Great Plains Transportation Institute for input in a database. Legislation makes the information contained in these reports **CONFIDENTIAL**. Information on individual licensees cannot be released to non-governmental entities without the permission of the licensee.

Your cooperation is appreciated. Thank you and if you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
