Sue,

I am writing in regard to capacity changes that need to be made.

The new tank in Section D will not be constructed.

Please adjust our internal storage to 450,000 bu. 364,000

Reduce our licenced bunker space from 200,000 bu to 86,000 bu. 82,000

Increase our ground storage from 30,000 bu to 70,000 bu.

Thank you so much for all your help.

Sincerely,

Jesse Mittleider, Mgr
