# Memo

**To:** Randy Olson, ADM Edible Bean Specialties Inc.  
**From:** Timothy Erdmann, Licensing Division  
**Date:** September 16, 2008  
**Re:** Storage capacity of North Dakota facilities and associated Grain Warehouse Bond

---

Sir: Please review the bin charts and diagrams of the various North Dakota locations for accuracy with the management staff at each location. If the information is determined to be accurate and acceptable, please respond in writing indicating acceptance of the capacity to the Licensing Division Office. Please contact me if any changes, corrections, or assistance is required.

The recent bond increase to \$1,060,000 allows for a maximum of 4,550,000 bushels of capacity.

Thank you,

*Timothy Erdmann*
