Loren Ellefson
Milnor Grain Company
PO Box 308
Milnor ND 58060

RE: Capacity Increase - Decrease

Dear Loren:

Your request to increase the license capacity at Milnor by 390,000 bushels to reflect the addition of 350,000 bushels of ground storage for corn in cement bunker and leased bins 1 and 7 totaling 40,000 bushels located at Loren Ellefson Farms is approved. With this change your licensed capacity is now 1,518,000 bushels at Milnor effective April 16, 2009.

Your request to decrease the capacity at Milnor by 390,000 bushels (1,518,000 to 1,138,000) effective May 1, 2009 to reflect the deletion of the temporary storage is granted. **Our office will not contact you regarding this reduction.**

If you are unable to have the grain removed before May 1, 2009, you must contact the Licensing Division. If grain is not removed before May 1, 2009, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter
Licensing Division
