# PUBLIC SERVICE COMMISSION

## State of North Dakota

### Memorandum

**TO:** Commissioners Wefald, Cramer and Clark  
Darrell Nitschke, Executive Secretary

**From:** Jim Deutsch, Director - AML Division

**Date:** December 23, 2008

**Subject:** Closeout of Contract No. AM-571-08 for a structural survey of the Richard Ruud residence, PSC Case No. RC-08-577

On September 10<sup>th</sup>, the Commission awarded a contract to Ulteig Engineers, Inc. to conduct a structural survey of the Richard Ruud dwelling north of Parshall that was damaged while the AML Division was carrying out an emergency project in early July. Our contract with Ulteig was later extended until December 19<sup>th</sup> to provide additional time for completing the report. On December 17<sup>th</sup> we received the final report for the on-site inspection and survey that was completed on September 26<sup>th</sup>. The report, which also includes some recommendations for future grouting operations, has been reviewed and accepted by the AML Division. The structural survey and report was completed for the full amount of the contract, \$6,155.50.

It should be noted that Ulteig found any structural damage to the house to be minimal and that minor repairs would restore the structural integrity of the house. Those repairs, replacement of the concrete floor in a basement storage room, were completed following Ulteig's site inspection of the house.

Attached is a motion for the December 31<sup>st</sup> Commission meeting to closeout Contract No. AM-571-08.
