Subject: Letter of Intent to File a Certificate of Site Compatibility

Dear Secretary Jeffcoat-Saaco;

In accordance with Section 49-22-07.1 NDCC and Chapter 69-06-03-01 of the North Dakota Public Service Commission administrative rules, Hartland Wind Farm, LLC respectfully submits one original and ten (10) copies of the Letter of Intent to File an Application for a Certificate of Site Compatibility. Hartland Wind Farm, LLC is a partnership between Baxter, MN based Denali Energy and Houston, TX based Montgomery Energy.

The certificate would authorize the construction of a wind energy facility in the State of North Dakota. Our proposed project would provide up to 2,000 MW of renewable energy.

Hartland Wind Farm, LLC expects to file the application on or about June 1, 2009. It is our desire to have the permit issued by April 1, 2010.

To meet your requirements of Chapter 62-06-03-02, the following information is provided as our Contents of the Letter of Intent:

**1. Description of size and type of facility, and the area to be served**

- a. The proposed project would be constructed on up to 720 square miles of leased private property throughout Ward, Burke & Mountrail counties. The project will consist of up to 1,333 wind turbine generators, two or more permanent meteorological towers, access roads, underground & overhead collection lines, substations, and operations & maintenance facility.

**2. A map of the study area for the proposed site or corridor**

- a. See attachment for proposed location.
