Gilby, ND 58235

RE: Capacity Increase - Decrease

Dear Kevin:

Your request to increase the license capacity at Honeyford by 224,000 bushels to reflect the addition of temporary leased storage including a 40,000 bushel quonset leased from Brent Trosen, two 80,000 bushel quonsets leased from Jeff Trosen, and a 24,000 bushel quonset leased from Jeff Dickson is approved. With this change your licensed capacity is now 1,053,000 bushels at Honeyford effective March 26, 2009.

Your request to decrease the capacity at Honeyford by 224,000 bushels (1,053,000 to 829,000) effective November 1, 2009 to reflect the deletion of the temporary storage is granted. **Our office will not contact you regarding this reduction.**

**If you are unable to have the grain removed before November 1, 2009, you must contact the Licensing Division.** If grain is not removed before November 1, 2009, and you have not requested an extension, you will be in violation of state law, which could result in a complaint proceeding.

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter  
Licensing Division
