RE: Open records request

Dear Mr. Trechock:

In response to your request, except as provided below, attached are electronic copies of the records of the Public Service Commission on the captioned case beginning 3 October 2008 to today, 21 October 2008. The records include documents filed in the Commission's formal docket, copies of internal and external e-mails, and copies of records in staff working files. *Please note that no duplicate records are being provided.* For example, if an e-mail indicates 8 recipients, only one copy of that e-mail is being provided.

Commissioner Clark will not have time to work on retrieving his records until the afternoon of 22 October 2008. Any records of Commissioner Clark's that are not duplicates will be provided after that date.

Also note that the Commission may assess fees for costs associated with providing electronic copies, including \$.32 per minute for labor. Several hours of staff time were used to retrieve, sort and scan the records. While we are not charging DRC for the records included here, and we did not charge DRC for its' earlier request, we may assess fees in the future.

If you have any questions or need additional information, please call.

Best regards,

Illona A. Jeffcoat-Sacco
General Counsel
