Re: In the Matter of the Resolution of Natural Gas Meter and Billing Service
Issues of Northern States Power Company, a Minnesota corporation
Case No. PU-08-627

Dear Mr. Nitschke:

On August 18, 2009, Northern States Power Company, a Minnesota corporation (“Xcel Energy” or the “Company”) submitted public and non-public versions of the report of Global Enterprise Managers, Inc. (“GEM”) documenting their review of the Company’s internal revenue cycle functions and related technology systems (the “GEM Report”) in the above-reference matter.

It has been brought to our attention that the non-public version of our filing was not found with our submission. As such, we are resubmitting the non-public version of our filing. The enclosed sealed envelope contains the non-public version of the GEM report along with our original filing letter and Application for Trade Secret Protection for the information designated as trade secret in the non-public version of the GEM report.

Please contact me at (612) 215-4589 if you have any questions or if I can provide any further information.

Sincerely,

Megan J. Hertzler
