Memo

To: Tim Mutchler, Northwood Bean Co., Inc.
From: Timothy Erdmann, Licensing Division
Date: September 16, 2008
Re: Storage capacity and Grain Warehouse Bond

Sir: Enclosed are the updated bin charts, diagrams, and statement of capacity including the newly leased storage space of the Korsmo and Johnson potato warehouses. Please review the information for accuracy. Please contact the Licensing Division Office in writing indicating acceptance of the calculated storage capacity. Please call if you have questions or corrections.

The current bond of \$200,000 allows for a maximum of 400,000 bushels of storage.

Thank you,

Timothy Erdmann
