# Memo

**To:** Tim Mutchler, Northwood Bean Co., Inc.  
**From:** Timothy Erdmann, Licensing Division  
**Date:** October 28, 2008  
**Re:** Grain Warehouse Capacity and Bond

---

Sir: I have completed the addition of the new construction capacity into our records. Enclosed find a copy of the statement of capacity and diagrams detailing the new construction. The capacity of the two new Quonsets is 39,000 bushels each. The current bond for the company of \$200,000 allows for a maximum capacity of 400,000 bushels, thus no bond increase is required to allow for addition of the new construction. Please inform the Licensing Division office in writing prior to using the new construction. The warehouse at the plant is Section B #204 and the east storage site warehouse is Section C #302. Please contact me if additional assistance is required or if questions arise.

Thank you,

Timothy Erdmann
