Mr. David J. Nilson
Reclamation and Permit Compliance Administrator
Basin Cooperative Services
Leland Olds Station
3901 Hwy 200A
Stanton, ND 58571

Dear Mr. Nilson:

The Reclamation Division has completed its review of Bond Release Application No. 1 to Permit BCGH-8801. The items listed in our October 20, 2008 letter have been satisfactorily addressed; however, we will be delaying further action on this application until field conditions allow an inspection of the repair work that was completed last fall. We will also inspect the apron of the culverts under the haulroad that is being retained in the drainage in the northeast corner of the permit area at that time.

If you have any questions, please contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read "James R. Deutsch".

Director
Reclamation Division
