Hello, I am requesting a formal hearing on bond release no. 7 to permit no. BNCR 8106 case # RC-08-694 at the Center Mine. Please forward my request to the PSC Commissioners. The matter will be on water replacement for sec 26 as there were three water sources on the Reinke property prior to mining and whereas ND law states that water shall be replaced. Thank You. Jeff Reinke, Center ND. ph-794-3167. Please contact me if you have any questions or if I need to send my request in a different format.
