**RELEASE OF BOND**  
**FOR SURFACE COAL MINING AND RECLAMATION OPERATIONS**

**July 8, 2009**

Based on the application for **Bond Release Number 8 to Surface Coal Mining Permit Number 37**, received August 18, 2008 and as later modified, and all information and documentation contained therein, the North Dakota Public Service Commission finds that:

1. Attached to the Application for Release of Bond were copies of all letters sent by the Permittee as required by NDCC §38.14.1-17(1)(b). Affidavits of publication for the advertisement required by NDCC §38.14.1-17(1)(a) have now been filed and have been made part of the Application for Release of Bond. The last date of publication was October 9, 2008.
2. On September 18, 2008, the Commission conducted an inspection and evaluation of the reclamation work involved, as required by NDCC §38.14.1-17(3). The surface owner, agent, or lessee was given notice of the bond release inspection and had the opportunity to participate with the Commission in conducting the inspection.

In accordance with NDCC §38.14.1-17, Bond Release No. 8 for Surface Mining Permit No. 37 is hereby granted to BNI Coal, Ltd. effective August 10, 2009, unless a formal hearing is requested. Release in the amount of \$71,261.90 is approved. The area is described by the attached metes and bounds descriptions and as follows:

**Portion of Section 23, T142N, R84W, in Oliver County,**  
**releasing all remaining reclamation liabilities on 85.5 acres.**

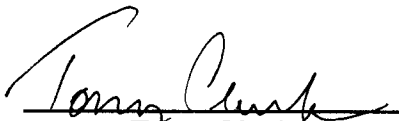

This decision to release all of the bond on this acreage is made for the following reasons:

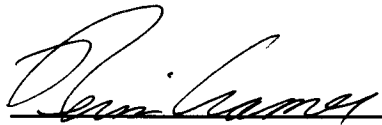

The post-mining land uses of tame pastureland, hayland, and section line road right-of-way have been implemented as approved in the reclamation plan, the applicable revegetation success standards have been met, and all other requirements of the applicable laws and rules have been satisfied.
