Casselton, ND 58012

RE: Capacity Increase

Dear Ryan:

Your request to increase the license capacity at your Casselton facility by 3,000,000 bushels to reflect the addition of ground storage located 50 yards from the long term storage facilities (11 grain bins located inside loop track system) is approved. With this change your licensed capacity is now 9,803,000 bushels at Casselton effective December 4, 2008.

Thank you for your continued cooperation. Remember that you must obtain prior approval before using space that is not part of your approved licensed facility. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter  
Licensing Division
