Subject: Case No. PU-08-812 - Notice of Filing and Notice of Opportunity for Hearing

Please have the attached Notice of Filing and Notice of Opportunity for Hearing published as a legal publication in the following newspapers:

Minot Daily News
Williston Daily Herald
Mountrail County Promoter

Do not publish in the classifieds. Please run it as a "News Item Only" article as well.

The notice must be published in the next issue and again during the week of November 17.

Send the bill to the Public Service Commission along with a tear sheet for billing purposes.

Please confirm via e-mail that you received this request.

If you have any questions or cannot open the version of the notice, please call me at 328-4070 or email.

Thank you.

Shelly Bauske

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION

**Enbridge Pipelines (North Dakota) LLC
Stanley Pump Station Upgrades
Siting Application**

Case No. PU-08-812

NOTICE OF FILING AND NOTICE OF OPPORTUNITY FOR HEARING

October 22, 2008

On October 13, 2008, Enbridge Pipelines (North Dakota) LLC (Enbridge) filed an application to amend existing corridor or route permits. Enbridge proposes to upgrade the existing Stanley Station in Mountrail County.

The Commission finds the application is complete.

Enbridge asserts that these pipeline facilities will produce minimal adverse effects and requests that the Commission (1) waive provisions of law and rule that require filing of separate applications, separate hearings and certain time schedules; (2) not hold a public hearing, but instead publish a notice of opportunity for hearing; (3) find that the proposed facilities are of such design, location and purpose that it will produce minimal adverse effects; and (4) issue the appropriate amended corridor certificates and amended route permits.

The issues to be considered in this proceeding are:

1. Will the location, construction, and operation of the proposed pipeline facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed pipeline facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed pipeline facilities locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?
4. Are the proposed pipeline facilities of such design, location, or purpose that they will produce minimal adverse effects so that procedures and time schedules may be waived?

5. Does a demonstrable emergency exist, which requires immediate construction so that adherence to procedures and time schedules would jeopardize the utility's system?
6. Is it appropriate for the Commission to waive any procedures and time schedules as requested in the application?

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by **December 3, 2008**. If deemed appropriate, the Commission can determine the matter without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille material please notify Darrell Nitschke, Executive Secretary, at least 24 hours in advance.
