Dear Mr. Glatt:

Enclosed for your review is The Coteau Properties Company's application for Revision No. 50 to Permit NACT-8102 for the Freedom Mine. This revision proposes to remove the coal conveyor and replace it with a haulroad. Coteau will be applying for additional storm water discharge points for several of the culverts associated with this new haulroad in the near future.

Please review this revision application within your area of responsibility and submit any comments by February 12, 2009. If you have any questions, please contact Michael Berg of this office.

Sincerely,

James R. Deutsch
