North Dakota Public Service Commission  
600 East Boulevard Avenue Dept. 408  
Bismarck, ND 58505-0480

Re: Letter of Intent – Merricourt Wind Energy Project

Dear Ms. Jeffcoat Sacco:

This cover letter accompanies the transmittal to the North Dakota Public Service Commission (PSC) of a Letter of Intent addressing the intent of enXco to file an application for a certificate of site compatibility and to construct a 150MW wind energy facility known as the Merricourt Wind Power Project. In that regard, enXco herewith respectfully submits an original and eleven (11) copies of its Letter of Intent to file an Application for a Waiver of Procedures and Time Schedule and a combined Certificate of Corridor Compatibility and Transmission Facility Siting Permit Application. The Letter of Intent addresses the information required by NDCC Section 69-06-03-02. We would respectfully request the return of a file-stamped copy. A self-addressed stamped envelope is included for that purpose.

enXco looks forward to working with the PSC and its staff on this project. Should you have any questions concerning this Cover Letter or the accompanying Letter of Intent, please contact Chris Sternhagen, Project Manager, enXco Development Corp. 10 2<sup>nd</sup> St. NE Suite 107, Minneapolis, MN 55413 at 612-746-0770, ext. 313.

Sincerely,

Christopher M. Sternhagen  
Project Manager - Development
