Gibbs achieves John Deere Master level service training for Green Iron Equipment

(l-r) Mark Lane, Ellendale Store Manager, Josh Gibbs, GIE Service Technician and Jim Schliinz, Ellendale GIE Service Technician

December 9, 2010 — With the development of new technology and high-performance systems for John Deere equipment, it is critically important that customers receive exceptional service from highly-trained product experts, technicians, and aftermarket support personnel. Green Iron Equipment participates in a comprehensive training program with John Deere to

help their employees reach certain standards of expertise.

Recently, Josh Gibbs, achieved Master level recognition for the position of Service Technician program. This level of achievement was accomplished by completing extensive training in the John Deere University program. Gibbs received a special plaque of recognition as well as

a leather jacket to honor his accomplishment. Gibbs is a service technician at Green Iron Equipment in Ellendale. Gibbs and his wife, Angie, reside in Westport, S.D. with their two sons, Austin and Braydon.

John Deere University credits are earned in various categories to ensure expertise in the sales, service or parts departments of John Deere dealerships. The structure for this recognition is similar to achieving credit hours in a university. This ongoing training program is just one of the tools used by Green Iron Equipment to improve overall support and service to customers in their trade area.

enXco Development Corporation
Merricourt Wind Power Project
Siting Application
Case No. PU-08-932

**NOTICE OF FILING AND NOTICE
OF HEARING**
November 12, 2010

On October 6, 2010, enXco Development Corporation filed an application for a certificate of site compatibility to authorize construction of a 150 MW Merricourt Wind Power Project consisting of up to 100 wind turbine generators and associated facilities in Dickey and McIntosh Counties of North Dakota as shown on the attached map.

A Public Hearing on the application is scheduled to begin on December 21, 2010 at 10:00 a.m. CST at Teddy's Grill, 1101 Industrial Park, Edgeley, ND 58433. The issues to be considered are:

1. Will the location, construction, and operation of the proposed facilities pro-

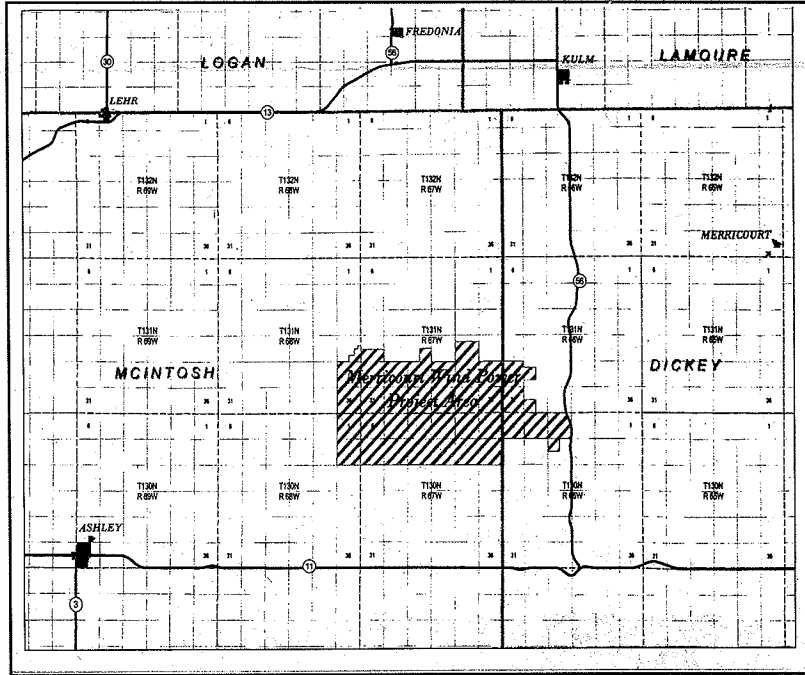

duce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?

2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?

3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission, at least 24 hours in advance.
