County talks about road issues

SPECIAL MCINTOSH COUNTY PROCEEDINGS, OCTOBER 18, 2010 8:00 A.M.

The meeting was called to order by Chairman James Raile. Present were Ron J. Meidinger and Dennis Glas. The purpose of the meeting was to discuss the grade raise projects by Ralph Neu's and the Wolf road.

Kenny and Keith Wolf came to the meeting to discuss their project. Board asked their feelings about going around the water instead of through it. FEMA would prefer this. The Wolf's didn't seem receptive of this idea. Some other options were discussed.

The County will have to borrow the money to do these projects and it looks like FEMA won't pay until sometime in 2011.

Clarence Wetzel, Gary Schlabsz and Brian Schlabsz also met with the Board on the Ralph Neu road. They want it fixed. Board of Commissioners decided they want to drive out and look at the sites and then they will decide what to do.

After returning from the road trip, the Board decided to look for bids on the three projects. Deadline for bids will be Monday, October 25th and they will meet on Tuesday to review the bids.

Meeting adjourned.

Chairman of the Co. Commissioner
Board, James R. Raile
County Auditor,
Gina Ketterling

Roads top discussion

Special Commission Meeting October 26, 2010 8:00 a.m.

The meeting was called to order by Chairman James Raile. Present were Ron J. Meidinger and Neil Meidinger. The purpose of the meeting was to open bids for the grade raise projects by Ralph Neu and LaVern Wolf.

Weed cutting by Robert Martz's was discussed.

The road by Robert Kempf was discussed also. Gary Ulrich stated he would sell some land so a different road could be built. The Board asked the State's Attorney about the legalities of purchasing land.

After some discussion, the Board decided to call Kadmas, Lee & Jackson to have them design a road. This would be a short stretch of road.

Discussed the 45 mph speed limit signs on county paved roads with the State's Attorney.

The grade raises were discussed. The Board did not receive any bids from contractors because the contractors had some questions. We may need to hire an engineer to do the surveys and a formal bid package.

Board is going to move forward with the three grade raise projects and hopefully they will have something for the next commission meeting.

Dennis was instructed to talk to Lyle Nantt about the culvert for the Golf Course.

An approach to Pfeifle Lake was discussed. Game & Fish would help with costs. Dennis will handle this.

Engineering costs for the grade raise projects will be between \$6000-\$6500.

Meeting adjourned.

Chairman of County Commission,
James Raile

Attest:
County Auditor,
Gina Ketterling

Lehr News

DONNA RUFF

378-2290

Greetings from the smallest city in two counties.

One by one, our company left for their respective homes after a fun hunting vacation in North Dakota. The Californians were able to witness an early blizzard and hurricane winds and then warm 60 degree temperatures and calm conditions. Nephew Mike thought it was pretty cool to see all types of weather while here. He flew out of Bismarck on Nov. 3 back to California. The rest of the hunters, James and I were treated by big brother, Larry, to an evening meal at the Prairie Winds

in Wishek on Wednesday evening. Thanks to Mark Gusaau, Horace, Sarge Schuler, Fargo, Larry Schuler and Michael for the good visit.

I was having trouble with my computer so had James do some fiddling. Well he restored it from a previous date. After the fact, all my e-mail addresses are gone. I do not have the programs loaded to type attachments. In other words I have a big mess. Hopefully, I will be restored by a tech computer man by next week. Today, I'm having trouble wanting to perform the

cartoon suggestion: "Have you hugged your computer today?"

The Lehr Lions held their monthly meeting at Marie's Kitchen one week early on Nov. 3, due to conflicting schedules. Vice president John Wiskus presided.

Thanks to all the Lions Clubs that donated used glasses. It was nice to see all the boxes stacked high at the state convention in Grand Forks.

Call me with your news at (701) 378-2290 or e-mail me at donnaruff@bektel.com.

Salwei resigns from council

CITY OF ZEELAND COUNCIL PROCEEDINGS REGULAR MEETING NOVEMBER 8, 2010 UNAPPROVED

New Business

Council Woman Aggie Salwei submitted her written resignation from the City Council. She and her husband, Tom, have relocated to Bismarck. Mayor Schumacher and the entire City Council accepted her resignation stating: "Aggie will be greatly missed. She was pleasant to work with and her dedicated service to the City of Zeeland is and will continue to be appreciated. Thank you, Aggie, and our best wishes to you in your new home."

All persons interested in applying for this vacant seat on the Zeeland City Council should contact Mayor Bob Schumacher, Auditor Shawnee Bassett, or any of the other Council Members before the next regular meeting of the City Council, which will be December 13, 2010.

There being no further business at this time, a motion was made by Wolf and second by Aberle to adjourn the meeting at 8:14pm. (Aye) Jangula. Motion carried to approve.

Robert Schumacher,
Mayor

Hearing on Merricourt Wind Project

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION

enXco Development Corporation Merricourt Wind Power Project Siting Application Case No. PU-08-932 NOTICE OF FILING AND NOTICE OF HEARING

November 12, 2010

On October 6, 2010, enXco Development Corporation filed an application for a certificate of site compatibility to authorize construction of a 150 MW Merricourt Wind Power Project consisting of up to 100 wind turbine generators and associated facilities in Dickey and McIntosh Counties of North Dakota as shown on the attached map.

A Public Hearing on the application is scheduled to begin on December 21, 2010 at 10:00 a.m. CST at Teddy's Grill, 1101 Industrial Park, Edgeley, ND 58433. The issues to be considered are:

1. Will the location, construction, and operation of the proposed facilities produce mini-

mal adverse effects on the environment and upon the welfare of the citizens of North Dakota?

2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?

3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission, at least 24 hours in advance.
