

the car - all seems fine. BUT we can't move the car. Seems the parking brake was frozen. Now remember we are from Rapid City where waiting for AAA or a tow of any kind could take hours. We made one phone call and help was on the way. The problem was fixed and we were saying our goodbyes to Ellendale.

There are those that say the small rural towns are dying but this is one family that hopes Ellendale stays around forever. Here to aid the travelers that venture out in storms, help them find food and shelter, not to mention

whenever possible.

The "Meatless Monday" campaign directly targets schools, claiming that not only are there health benefits, but that schools can cut meal budgets and our total U.S. healthcare spending would decline. But there are just as many studies that show that eating lean beef and other red meats, just as any food, in a responsible fashion has no ill effects on your health.

As the article also points out, agriculture is finally learning to stand up and speak up. No one tells the story of

take all day, actually took less than an hour and we were packing the vehicle to head home. This WOULD NOT happen in St. Louis and we THANK YOU!

enXco Development Corporation
Merricourt Wind Power Project
Siting Application
Case No. PU-08-932
NOTICE OF RESCHEDULED HEARING

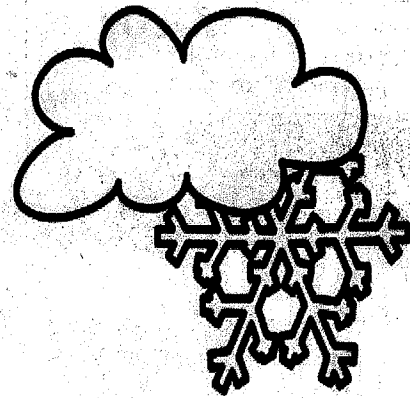

December 30, 2010
On October 6, 2010, enXco Development Corporation filed an application for a certificate of site compatibility to authorize construction of a 150 MW Merricourt Wind Power Project consisting of up to 100 wind turbine generators and associated facilities in Dickey and McIntosh Counties of North Dakota as shown on the attached map.

A previously scheduled Public Hearing on the application was cancelled due to weather and is now rescheduled to begin on February 10, 2011 at 10:00 a.m. CST at Teddy's Grill, 1101 Industrial Park, Edgeley, ND 58433. The issues to be considered are:

1. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission, at least 24 hours in advance.
